## Superior IR & UV Blocking, Easy to Apply Windshield Protection Film!

- Optically clear, molded on windshield Nano-Ceramic protection by ClearPlex™
- Protects your interior from IR Heat and harmful UV rays.

**ClearPlex Nano-Ceramic Windshield Protection Film** is an IR & UV rejecting, light VLT, exterior-applied protection film geared for the auto and mass transit markets. ClearPlex NC is a 2-in-1 product that integrates IR-heat rejection that was previously only found in interior-applied auto films. Protect your windshield and keep your cabin cool with ClearPlex NC.

**ClearPlex NC** rejects 90% of IR radiation making it a 2-in-1 product that eliminates the need for an interior windshield film application saving consumers money.

**ClearPlex NC** is 75% VLT with excellent optical clarity meaning that when installed properly, the film will not be noticeable to the naked eye.

*\* With Teslas, some complex, compound curve windshields cost extra. Ask for your custom quote!*

*We also rent Mercedes Benz sedans @ \$75 per day.*
