

Introducing...

ADVANCED DRIVER DEFENCE SOLUTIONS

INTRODUCING AL PRIORITY™

The finest Radar/Laser Defense System...effective against ALL LIDAR Systems in use today!

- ★ The only system on the market to defeat the new VPR Dragoneye (used in Alberta)
- ★ The proven system that will defeat Laser Ally (used in British Columbia)
- ★ The proven system that will defeat TrueSpeed SX (used in other jurisdictions)

AL PRIORITY FEATURES

- ★ Multipurpose Laser Parking Sensor – These are 100% legal on the road
- ★ The Smallest Laser Sensors for discrete installations
- ★ Beautifully designed control set for easy, intuitive control
- ★ Connect up to 5 laser sensors; optional extension sensor cable available
- ★ Laser interference defense timer; 4-sec auto-shutdown (user programmable)
- ★ Optional HiFi model offers voice menu and voice lidar identification
- ★ Optional Bluetooth™ module – alternative wireless control with a smartphone
- ★ Programmable privacy USD flash drive – disables all defense functions when unplugged
- ★ Easy firmware upgrades and setup configuration via usb/web-based update portal (mac/pc compatible)
